

JJIF RANKING and QUALIFICATION SYSTEM

PRINCIPLES

Based on rules 41, 42, 43 and 45 of the Olympic Charter, the JJIF Qualification System aims to ensure that the principles of Universality, Performance, Host-Country Representation and Gender Equity, remain the focus for the JJIF participation in multi-sport international events such as “SportAccord Combat Games” and “World Games”. In addition, a number of other technical principles and rules have been established to provide a basis for the development of the JJIF Qualification System.

Universality: The participation of all JJIF National Federation Members is the key factor for guaranteeing the universality of such an event. The number of places reserved per sport will be decided in agreement with the Event Organizing Committee and will be the main parameter of the technical principles and rules of the qualification system in order to ensure that the maximum possible Ju-Jitsu National Federations - members from all five continents, will participate in the event. Each National Federation can participate with a maximum number of athletes / teams in all ju-jitsu disciplines, with a balanced gender repartition, and with one contestant per category¹.

¹ The maximum number of athletes will be adjusted to the format of event; to guarantee the success and quality of the event these numbers could be extended in exceptional cases by the board

Performance: The principle of performance will be ensured through the Qualification System developed by JJIF, which allows the participation of the best athletes through a fair and transparent process. Existing events and/or rankings already approved by JJIF should be used for the qualification, as well. A reasonable percentage of the quota shall be distributed on the basis of the performance within the continents and shall reflect the specifics of ju-jitsu as a sport in terms of quota distribution between the continents.

Host Country participation: In principle, the quota should include places for the participants from the Host Country. However, these places cannot be attributed automatically and should therefore be dealt with on a case-by-case basis, subject to athletes or teams reaching a minimum level of performance. The number of the host-country places will be decided in agreement with the Event Organizing Committee

NF's delegation: NFs have the exclusive authority for the representation of their respective delegation at the Event. NFs have the right to send competitors, team officials and other team personnel to the Event.

Allocation and re-allocation: Following a confirmation on behalf of JJIF of the qualified athletes, which is to be done not later than two (2) weeks after the deadline of the qualifying period, each NF will have up to one (1) month to confirm to JJIF that they will avail themselves of the obtained places. NFs that manage to qualify more athletes as the limit allows will be asked to designate the final composition of their delegation. Provision has been made within the JJIFs qualification system for the re-allocation of places having been not used by a NF, as well as for the unused NF's universality places.

Amendments: If there is no agreement having been reached with the Event Organizing Committee, the JJIF Qualification System can be changed with the approval of the JJIF Board. In case such an agreement exists, then it shall not be changed without the approval of the Event Organizing Committee.

RANKING SYSTEM

JJIF World Ranking List: The JJIF World Ranking List consists of points from the

World Championships and Continental Championships, Grand Slam tournaments, and the national championships for the three JJIF disciplines (fighting and Ne-Waza for all weight categories and Duo for men, women and mixed); the age categories is seniors.

Only athletes which are registered by name in JJIF (Sports ID System) can be included into the Ranking

For the ranking the points of multi-sport events get scored as well:

General Proposals

The ranking period is in general 24 months.

The points of each individual tournament will expire as follows:

In the first 12 months after the tournament the points will count 100%

After 12 months the points will be reduced to 50%

After 24 months the points will be reduced to 0 and not counted and taken into consideration anymore.

The dividing line is to be the beginning of the month during which the tournament (the first competition day) was held.
