- b. The JJNOs should follow these JJIF standards for the regulation and evaluation of their national referees.

2 JJIF Technical Commission (TC)

- a. The education and work of the International referees is coordinated and supervised by the JJIF Technical Commission. The Technical Commission governs and includes the JJIF Committees of Disciplines and the JJIF International Referee Committee [IRC]
- b. The JJIF Committees of Disciplines are responsible for the education for specific content and the evaluation of the referees in the specific discipline.

These documents shall be deemed to be gender neutral.

The terms he, him and his shall be deemed to mean she, her and her when the position (officer, director, shareholder or other) is occupied by a person of the female gender or otherwise when the context requires.

inclusion by the JJIF Executive Board. They are responsible to coordinate the work of all referees during competitions.

- d. The Technical Commission shall be entitled to administrative support from JJIF Executive Board

3 Continental Referee Committees and Regional Referee Groups

- a. The Executive Board of a Continental Union with the agreement of the JJIF board , can establish a continental Technical Commission [including a Continental Committee of Disciplines and a Continental Referee Committee], within its continental union..

- b. The JJIF Regional Associations (JJRA) can create Regional Referee Groups to work directly with the Continental TC and the JJIF TC.

4 Committee tasks

- a. The JJIF Technical Commission is responsible for the education of referees. This includes the preparation of all teaching, tutorial and promotional material needed for a proper dissemination, evolution and development of referee duties and activities to all new and existing JJNO.
- b. All referees with valid JJIF World Referee licenses are qualified to officiate in all World and Continental Championships. The Head Referee of each of the respective JJIF disciplines shall have the authority to grade and appoint continental referees for the competitions.
- c. The Technical Commission shall designate (with the approval of JJIF executive board), a number of "evaluators"; for each JJIF Championship, whose responsibility would be to fill out an "evaluation form" in real time during the matches. This data be evaluated by the TC, after the Championship to feed the JJIF database.
- d. The Technical Commission and the Referee Committees at their respective levels (JJIF or Continental Union), are responsible for the performance and conduct of all referees, for the correct rotation of referees during all JJIF championships and shall govern and control the application and interpretation of JJIF Referee Rules and Competition Rules during all competitions. The Technical Commission, in due consultancy with the Referee Committee shall report to the Executive Board the results of referee management and future plans. The Head Referee of each discipline shall represent the Referee Committee in any resolution of any controversial matter. The categories as defined in the JJIF sporting code 1.3.2.1 shall be applied.

5 Referee categories and levels

- a. A referee's certification level determines the type and level of competition that a referee may officiate in.
- b. Within each JJNO, each national organization shall determine their referee levels and respective criteria for evaluation and shall regulate certification through evaluations and examinations. The highest level of referee category in a JJNO is the "National Referee" category.
